GEOGRAPHICAL POSITION OF BUILDING /SITE

ADDRESS	
POSTAL CODE	TOWN
PROVINCE	COUNTRY

ENVIRONMENT THE BUILDING IS LOCATED IN

THE BUILDING IS LOCATED <i>Choose from options available</i>	
<input type="checkbox"/>	In a rural area
<input type="checkbox"/>	Near one or more buildings housing animals (specify distance from building: m)
<input type="checkbox"/>	Near one or more buildings used to store fermenting products (specify distance from building: m)
<input type="checkbox"/>	Near fuel oil heating fume generators (specify distance from building: m)
<input type="checkbox"/>	Near built-up urban areas and/or an industrial area including one or more factories producing gas and/or fumes and/or vapours (specify distance from building and type of gas, fumes or vapours: m)
<input type="checkbox"/>	Near built-up areas and/or an industrial area including, in particular, refineries, incinerators, distilleries, cement factories, paper mills, laboratories (specify distance from building: m)
<input type="checkbox"/>	Near the seafront: outside a building situated less than 1 km from the coast with no possibility for seawater to touch it directly and seawater vapour to affect the building directly
<input type="checkbox"/>	Near the seafront: outside a building situated less than 1 km from the coast with partial or temporary possibility for the seawater and/or seawater spray to touch it directly.
<input type="checkbox"/>	In a coastal area: outside a building situated at between 1 and 3 km from the coast, with no possibility for seawater to touch it directly and the seawater vapour to affect the building directly
<input type="checkbox"/>	In a coastal area: outside a building situated at between 1 and 3 km from the coast, with partial or temporary possibility for the seawater and/or seawater spray to touch it directly
<input type="checkbox"/>	In a marine environment (outside a building situated between 3 and 20 km from the coast)
<input type="checkbox"/>	In a mixed environment (concurrence of a coastal environment and a normal urban and industrial environment or with intense conditions)
<input type="checkbox"/>	In a special, specific environment (concurrence of the above exposures and certain additional effects such as abrasion, high temperatures, high hygrometer measurements, consistent dust deposits, etc.)

ALTITUDE	<input type="checkbox"/>	Over 900m a.s.l.
	<input type="checkbox"/>	Below 900m a.s.l.
